

NATIONAL DEMONSTRATION : AGAINST YET ANOTHER AUSTERITY BUDGET!

Since it took power, the Liberal Party is putting our public services to the sword in the name of zero deficit. Compressions, hikes, reforms and attacks to union rights are all part of the government's tools to destroy the welfare state.

Let's show the government that we've had enough! On the 2nd of April, let's remind our political and economical elites that our public services are the fruit of hard fought battles for true social justice. We will never sacrifice this for the profits of banks and corporations!

ASSÉ invites students, workers, families and the whole population to take the streets and protest on thursday April 2nd at 1pm. The rendez-vous point will be on Square-Victoria (Square-Victoria station).

When public services are under attack, we stand up and we fight back!
